ALLIED POSITION WAS STILL EXTREMELY GRAVE, ESPECIALLY FOR PARTLY SURROUNDED ARMY

By DEWITT MACKENZIE

The allied position this morning remained grave, especially for the great army which is partly surrounded by Germans in Belgium.

True, the great blitzkreig has slowed down somewhat, although heavy fighting was proceeding at several points, and this eased the strain on the allies.

The fact that the allied troops have been making counter-attacks at various places has caused a rise of spirits in London and Paris.

We must regard this as a respite in a battle which will be resumed with all its former ferocity.

The French now are attacking the base of this spear in an effort to sever it and reach their beleaguered comrades in Belgium. The allied troops in Belgium, mainly British and Belgian, meantime are making a gallant assault southward to try to reach the forces working north.

Should this operation be successful it would save the allies in Belgium—totaling between half a million and a million—from the serious danger of being utterly smashed.

It also would leave the mechanized German units along the coast pretty much up in the air. Details of the fighting in Belgium are few, but we know enough to say that the defense which the

NATIONAL DEFENSE LEGISLATION TO KEEP TEXANS IN CAPITAL

WASHINGTON, May 23.—(P)—
National defense legislation may prevent a single Texan in congress from attending the Democratic convention of his state at Waco next Tuesday.

Most likely to go is House Majority Leader Sam Rayburn of Bonham, but he made it clear that if the pending army and navy authorization and appropriation measures were not disposed of he would not leave.

Rayburn has been backed for posed of he would not leave.
Rayburn has been backed for selection as chairman of the Texas delegation to the Democratic National convention, with Representative Lyndon B. Johnson of Johnson City as vice chairman. The pair effected the compromise between Garner and Roosevelt-for-third term forces in Texas.

Texas. Johnson had no comment on whether he would attend the convention, but said the defense program might make it impossible for him to address the graduating class of Austin high

school on May 31.

Representative Luther Johnson of Corsicana has been named delegate from his home county to the convention, but he said defense legislation made it improbable he would attend.

the membership and farm-to-market roads committees were announced for Wednesday.

Outstanding Job.

E. E. Waters of Waco, superintendent of the Borden Company, was prosent at the meeting and declared the dairy committee had done a wonderful and outstanding job, but pointed out there was a possibility some grief might be encountered, and future progress would necessarily be slower. He refused to make any prophecy on the result of war conditions, but said in the past that the prices of milk and milk products usually held up as well as other commodities, and present indications were there would be a demand for butter fats. He said in the past prices had ranged from 17 to 55 cents per pound for butter fats, and in answer to a question said the latest posted quotation was 30 cents.

John R. Corley reported an enjoyable meeting recently at Trini-dad with some 35 Corsicanans pres-ent in spite of unfavorable weather. Ed Wendorf reported that a building had been provided for the Corsicana mattress making project through the co-operation of the Navarro Community Foundation and letter estimates were the tion, and latest estimates were that more than 1300 applications for mattress material had been ap-Farm-to-Market.

GOVERNOR O'DANIEL DOES NOT MEAN ATTEND CONVENTION; WAR IS 'BLACKING OUT' POLITICS

By HOWARD C. MARSHALL AUSTIN, May 23.—(AP)—Gover-or W. Lee O'Daniel does not plan nor W. Lee O bailed these in Waco next Tuesday when Texas' dele-gates to the democratic national convention in Waco next Tuesday when Texas' delegates to the Democratic convention in Chicago will be selected.

This is the word from William J.

Lawson, the governor's secretary.
O'Daniel took no hand in the recent controversy over whether the state's delegation should be pledged to John N. Garner or to President Roosevelt. In fact, since ne has been governor, he has ev-denced little interest in national politics. "The Lord himself doesn't know

who the governor is for," Lawson For a governor not to attend a state presidential nominating convention is unusual.

The Fergusons again are crying their well-known declaration, "We are again high interest, high rent high taxes.

One of the most famous slogans to crop out in a Texas political campaign was Governor O'Daniel's "More Smokestacks and Business Men; Less Johnson Grass and Fewer Politicians."

Excellent Progress By Boys' 4-H Clubs

Excellent progress reports are being received on Boys' 4H Club projects in Navarro county, according to A. P. Bralley, assistant county agent in charge of this work. Two outstanding examples have been cited by the agent.

Fommy Carl Gulatt, member of the Emhouse club, stated he received his beof calf on March 20 and immediate. 20 and immediately began pre-paring it for the fall showing. It weighed 430 pounds, and sixty days later on May 20, the calf weighed 630 pounds, a gain of more than three pounds per day, a very satisfactory result. The boy also reported he was feeding the calf all of the ground corn, cottonseed meal, and hay it would eat

eat.
Another Emhouse boy, Scotty
Miller has reported a yield of
276 bushels per acre on his Irish
Club garpotato section of a 4-H Club gar-dening demonstration. The out-standing yield was attributed to favorable moisture conditions, good cultivation, and proper soil
